Go Forth Under The

To Nature's

Within a forest there are evident forces of Nature which act upon the inhabitants and make it necessary that, for survival, they employ their own capabilities. Throughout his high school life, the student is faced with obstacles and challenges. By facing them he matures and develops, enabling him to meet the responsibilities he will encounter in later life.

"Survival of the fittest" is the law which governs life in the forest. The weaker animal must constantly defend himself against the stronger, with only his instinct as his guide.

Open Sky And List Teachings

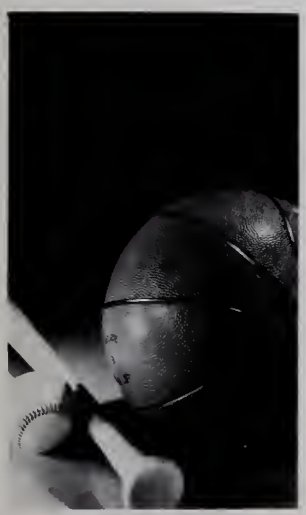

William Cullen Bryant

In the classroom a different circumstance exists. It is not a fight for survival, but rather a striving of each student to fulfill his potential. To fulfill this potential the student sets his goal and seeks to reach it.

While the animal has only his natural instincts to guide him, the student possesses the power of reason, this being the prime difference between animal and man.

"Go forth under the open sky, and list to Nature's teachings." By man's observance of nature, he sees the depth and vastness of the plan which governs the universe.

For the many memories you have helped to create . . .

As we, the Class of 1964, leave the halls of Newport News High School, we take with us many wonderful memories and feelings of school spirit, loyalty, love, and pride for our Alma Mater. In addition, we take with us the cherished memory of a highly respected and deeply dedicated person—a person who has given of her time, efforts, and understanding to help make high school the unique and rewarding experience it has been. It is our sincere wish that we will be among the memories she will hold dear.

For your 44 years of service and for your knowledge and strength of character, we the Class of 1964 dedicate this yearbook to you, Miss Ethel M. Gildersleeve.

SCHOOL LIFE

Too often the forest is observed only from a distance, and its depths may appear dull and unattractive. One needs only to enter and explore to discover the wonders waiting there. NNHS is more than an institution of learning. In a closer view, it is a way of life to those who make it so by support of its activities and by pride in its traditions.

By the smiles on the faces of our two head cheerleaders, Jane and Pam, one can see that school spirit this year was "tops".

"Does this look even?" says Brenda Bass to Judy Edwards as they put up the school spirit banner.

Dale Mueller advocates female participation on the football team! At least it looks that way as he shows Stevie Gordon the correct kicking position.

School Life Is Spirit

School life involves many different phases of spirit: the spirit of fun and companionship, the spirit of working together, the spirit of good sportsmanship and the spirit of the leaders who coordinate the activities which enable others to take part.

"Is this really OUR Senior Prom?" says Karen Wilks to Jimmy DeBerry.

One of the highlights of school life is the choosing of the friendliest boy and girl from each grade. This year those representing their respective classes were (from left to right) grade 12, Judy Lucas and Gerald Wright; grade 11, Polly. Norris and Joe Wingo; grade 10, Patty Dempsey and Ferdy Wagner; grade 9, Linda Condron and Donald Ryan; and grade 8, Cindy Sawyer and Tony Koskinas.

School Life Radiates Friendliness

For the first time at N.N.H.S. the two friendliest teachers were chosen by the students. Their choice this year was Mrs. Tucker and Coach Warren Mitchell.

Friendliness is the warmth, consideration, and responsive attitude that radiates the halls of Newport News High School. It stems from the congenial student-faculty relationships, as seen in the classroom, student activites, and all aspects of school life. Friendliness is also the spirit of NNHS which will long be a cherished memory of every student who has been a part of it.

Students exhibit "friendly" cooperation as they file out of school during a fire drill. Fire drills are necessary for the protection of students. Many precautions are taken during these drills which are timed by the fire department. Although many students take them lightly, fire drills are very important incidents in school life.

Friendliness is Shown by All Students

As Sue Miller extends a friendly welcome to incoming mice, Allene Cohen, Ricky Kerns, and Martha Laws, Bobby Kenney holds the door open for their first day at NNHS.

By the friendly smiles on the faces of our senior Peninsula SCA delegates, it is quite obvious that they are anticipating a good Exchange Day at Hampton High School. Those participating are (back row l. to r. Sandye Cohen, Sue Miller, Angie Ray, Alice Fowler and (seated in car) Charles Milne, John Todd, and John Scull.

"Any way to get down the steps in time for a class!" exclaims Joe Wingo to Jeannie Collier, who seems to agree.

School Life Is Unpredictable

Surprising incidents are not unfamiliar within the halls of NNHS. Everyday the students are involved in unusual circumstances, which create a lively mood within the student body and the faculty.

"So THIS is what goes on in Mr. Conn's office!" says the photographer as he catches Alice Fowler during dictation.

"Ready girls? One-two-three . . . HOORAY ZIP!" Yells our school principal, Mr. Etheridge, as he leads the varsity cheerleaders in a favorite cheer.

Phyllis, Sharon, and Ellen work diligently to finish this bulletin board before school starts.

"Oh well, I was going to be late anyway!" says Ruby Moses as she tries to save the last few books.

"Two bits, four bits, six bits, a dollar" This yell is often heard from the Junior Varsity Cheerleaders as they lead the school in spirited cheers.

Audience participation exemplifies the success of all NNHS assemblies.

Our peppy Varsity Cheerleaders demonstrate a new cheer, "Beat York", at one of the pep rallies.

School Life Is Assemblies

Many hours in a student's school life are spent in attending the various assemblies that are presented at NNHS. Pep assemblies and the traditional Mouse Assembly are among the most enjoyed programs that are attended by the students.

The Varsity Flagtwirlers, always received enthusiastically by the audience, twirl their flags to the familiar tune of "Oh, We're From Newport!"

The Varsity Cheerleaders give their rendition of the "Beverly Hillbillies" during the Hampton Pep Assembly. Each cheerleader represents a different personality from the noted television program.

"I just want to say one thing . . ." says Billy Taylor as Co-captain Chris Ellis looks on.

Angela Ray, Gail Watkins and Donna Pipkin do a modern dance to "T'was the Night Before Christmas" in the annual Christmas Assembly.

Howard Conn, "the Cool Ghoul," and Bobby Kenney, "Ronald", seem to have some wierd plans for Mouse Assembly. This year's Mouse Assembly centered around a haunted house theme.

"Good evening friends", says Bobby Kenney to the other ghosts of the Executive Board as they "welcome" the mice.

Betty Sue Lanier welcomes Joyce Thomas and Billy Taylor to the annual Christmas concert presented by the Junior and Senior Chorus along with the Breeze and Concert Band.

Miss Kanter assists Cookie Phillips, as they prepare the bulletin board for the senior Christmas dance, "Silver Bells". This dance took place December 14.

After many years the dream of a new gym for NNHS has come true for Athletic Director, Julius Conn. Here he is seen at the opening game in the Julie Conn Gym with (l. to r.) Harry Conn, Mr. Woody Holland, Dr. Wray Sherman, (Mr. Conn), Mr. Grayson Williams, and Dr. Thomas Jobe.

Bill Barnard, Hi-Y president, congratulates Mike Barnes on receiving the Sportsmanship Award for the 1963 football season. Mike was chosen by his fellow teammates to receive this honor.

School Life Is Memories

Students have fond memories of all phases of school life. These memories come from honors as well as social events. Some events will be forgotten, while others will leave a deep impression in the minds of students and faculty.

Memories are what one makes them. Looking back over former days at NNHS, many students will remember them as the happiest of their lives.

Howard Conn, Susan Price, John Scull and Clyde Point are getting in tune for a hootenanny session. Hootenannies feature not only performances by the entertainers but also participation by the audience. The 1963 Hootenanny, the first put on by a peninsula high school, will long be remembered by the students and faculty of NNHS. School students as well as outside talent participated in this event.

(L. to R.) Worth Roberts, Harvey Credle and Claudia Markham are fascinated with the latest issue of the Beacon. The Beacon has as much appeal to eighth graders as it has to upperclassmen, as one can tell by the interested looks on the faces of this varied age group.

1963 Band Sweetheart Chosen

The 1963 Band Sweetheart was announced during half-time of the Granby game. Miss Gail Watkins, senior and head varsity flagtwirler, was elected by the band to receive this traditional honor.

She was attended by Miss Becky Goolsby, also a varsity flagtwirler.

This was a night never to be forgotten by the new Band Sweetheart, Gail Watkins.

Miss Becky Goolsby, attendant, received a bouquet of yellow roses during the traditional Band Sweetheart Program.

Miss Gail Watkins smilingly accepts a bouquet of red roses presented to her by Mr. Etheridge, principal, as drum major Randy Smith awaits the traditional waltz.

Homecoming Queen Crowned

The homecoming queen of NNHS was crowned during half-time festivities of the Great Bridge game. It is the second time in the history of the school that this honor has been given to one of three girls who were voted on by the football team.

Miss Judy White, who was chosen to reign this year, was attended by a court of six girls. These girls represented the ninth through the twelfth grades. All representatives except seniors are eligible for the honor next year.

Mr. J. W. Etheridge gives a kiss of congratulations to Miss Judy White as she becomes the 1963 N.N.H.S. Homecoming Queen.

Adding to the splendor of the Typhoon Marching Band are the Herald Trumpeteers. They are from **left to right**: J. Hines, V. Rowell, and C. Snead.

FACULTY

As the larger trees overshadow and protect the smaller ones, so the faculty oversees the students. The knowledge transferred and the ideas implanted by our administration will be the foundation of a future generation.

ALL ABOUT
HOME BAKING

Pleasant memories, students . . .

The events of the present will be the fond memories of the future. The greatest value of a school yearbook lies in its potentialities as a medium for arousing memories of school-day friends and acquaintances and the experiences that were shared with them. In the future, as your yearbook causes you to reminisce, may you feel that 1963-64 in Newport News High School was a happy, worthwhile year in a school that fulfilled its obligations to you; and in deep recollections, may you find reasons to believe that you gave your best to the school. Otherwise, memories of 1963-64 will not be truly pleasant.

GEOMETRY

An explanation with a smile perks up the students in Mr. Browne's B period math class.

Mr. Shirley's geometry students show their understanding as they watch attentively his discussion of the problem.

Mathematics Offers Challenges

Two years of basic mathematics are required of every student at NNHS. An eighth grade student's course must include general mathematics, designed to give the student a strong background before he enters higher mathematics. After completion of this course, a student may then take two years of algebra, a study of mathematical calculation by means of letters and symbols, and plane geometry, which helps the student to think constructively and logically. A student's choice of higher mathematics may include trigonometry, consumer math, senior math analysis, and college algebra. These advanced courses offer a challenge to the quick and logical mind. With the proper instruction from the teacher and with an energetic attitude toward his studies, the mathematical student can truly derive knowledge and satisfaction.

Karen Richardson and Wayne Boger demonstrate to their geometry class, skill in using the compass.

Miss Holladay gives her trigonometry class a reassuring glance after reviewing the homework assignment.

Students find it necessary to check their work carefully before handing in their papers, especially in Mrs. Stokes' advanced math course.

Four heads prove better than one when trying to solve an income tax exemption problem in the consumer math class.

Students Perfect Tools of Writing

The foundation of a student's ability in speaking and writing is gained in his English class. A student's course includes instruction in various phases of grammar and literature. When studying grammar, the student endeavors to improve and perfect his use of correct English and widen his vocabulary. He then has the tools to construct a correctly written paper. Literature includes the reading of anthologies and selected novels. This reading gives insight of happenings beyond one's own experiences. What the student reads has a direct bearing on his ability to express his own thoughts.

The school library supplements the English department by providing additional sources of helpful literature.

"Hey, this is a good book," says Van Rowell to Debby Fink as Mrs. Nelson and Mrs. Ball approve.

Mrs. Baab, perched on her stool, has a friendly chat with Chippy Clark and Bob Yevak.

Mrs. Milne, Joyce Mabe, and Harvey Credle seem to enjoy Shakespeare's **A Midsummer Night's Dream.**

Judy Bell and Barbara Halfin industriously peruse workbooks used in fourth year French.

Languages Benefit the Diligent

Although foreign languages are not required, many students find it beneficial to take them. These languages provide an excellent background in preparation for college and interest students in the cultures of other countries. When taking a language the student acquires a complete background not only in grammar and vocabulary, but also in its country's history and literature.

"Why, Kenny, you've got the right answer!" says Mrs. Clark as she views Kenny Buckingham's paper.

Alan Gerber and Harriet Bolden get helpful hints from Miss Brewer in Latin class.

Miss McKenna shows Brenda Vaness some interesting cards from Spain and Mexico

"Easy on the eyes, Joe," says Jerry Luckadoo, as he is made up by Joe Floyd and Jamie Douglas.

Delivery is the Goal of Drama and Speech

Drama and speech courses afford experience and instruction in performance before an audience. Drama students learn the most effective way to portray a character and the techniques of acting, directing, and stage makeup application. The main goal of the speech class is to teach the student how to express his thoughts orally through the delivery of an eloquent speech.

Chris Ellis displays self-confidence as he records a speech.

"Let me help," says Mrs. Ellis to Kit Thomas as he sculpts in art class.

Ideas are Shown

Art classes give students the opportunity to express themselves creatively. Talent and individuality are displayed in the student's painting and sculpturing projects.

Writing, editing, and managing newspapers is the subject of instruction in journalism classes. First year students learn the basis of newspaper writing, while more advanced students construct the school newspaper.

Sonny Goodson and Patsy Blackard set up headlines in journalism class.

The girls in modern dance class learn to sit down gracefully under the instruction of Donna Pipkin.

It's a bird, it's a plane! No, it's Herminio Cuervo flying on the parallel bars.

Physical Coordination is Required in Gym Class

A healthy development of the student's body is provided through the Physical Education Department. During the class period, physical recreation is achieved through competitive team games, individual skills, and formal exercise. Through class participation in these activities, a student develops muscle control necessary for good physical condition. Although all students are not perfectly physically fit, daily exercise in class tends to aid the student in his physical improvement.

Miss Dinkins lectures to a drivers' education class.

One, two, three, four! Jumping-jacks are a daily ritual for the boys in D period physical education.

"One more second and the pie will be cut," says Betty Cooper to Joan Crittendon, Martha Timberlake, Janice Hurd, Carolyn Duell, Becky Evans, and Bonnie Harrison, as they look on hungrily.

Students Learn Home Needs

Home economics courses prepare the student for his present and future needs. Cooking and sewing are available at any grade level, while home management is taught only to advanced students. Although most of the classes consist of girls, some boys find it handy and enjoyable to learn to cook; a class for them is offered in the spring semester.

Mr. Lyeth observes the progress of his drafting students.

Projects of general metal shop are displayed in the shop showcase.

Shop Teaches A Trade

Metal, wood, printing, machine, and drafting shops give boys the opportunity to make handy articles. In metal shop, ash trays, lamps, and spice racks are made; in wood shop, articles ranging from fine tables to a pair of skis; in print shop, play tickets and other material. Machine shop teaches operation of numerous machines and hand tools. Drafting prepares students for engineering, stressing sketches and accurate drawings. All shops equip the students for future skilled labor.

Ruby Moses, a VOT student, is employed by the school library, where she types for Mrs. Nelson.

Mr. Gaskins assists Janet Wright in cutting a stencil in office practice class.

Instruction and Application of Job Training Insure Success

Those interested in office employment find it advantageous to follow the Vocational Office Training program. In this program, students are taught the use of business machines, such as calculators, dictaphones, and duplicators. This classroom instruction is supplemented by a program of practical training whereby actual work experience is gained.

Distributive education classes provide a background for those students interested in retailing. Students apply on the job techniques of selling which they learn in the classroom.

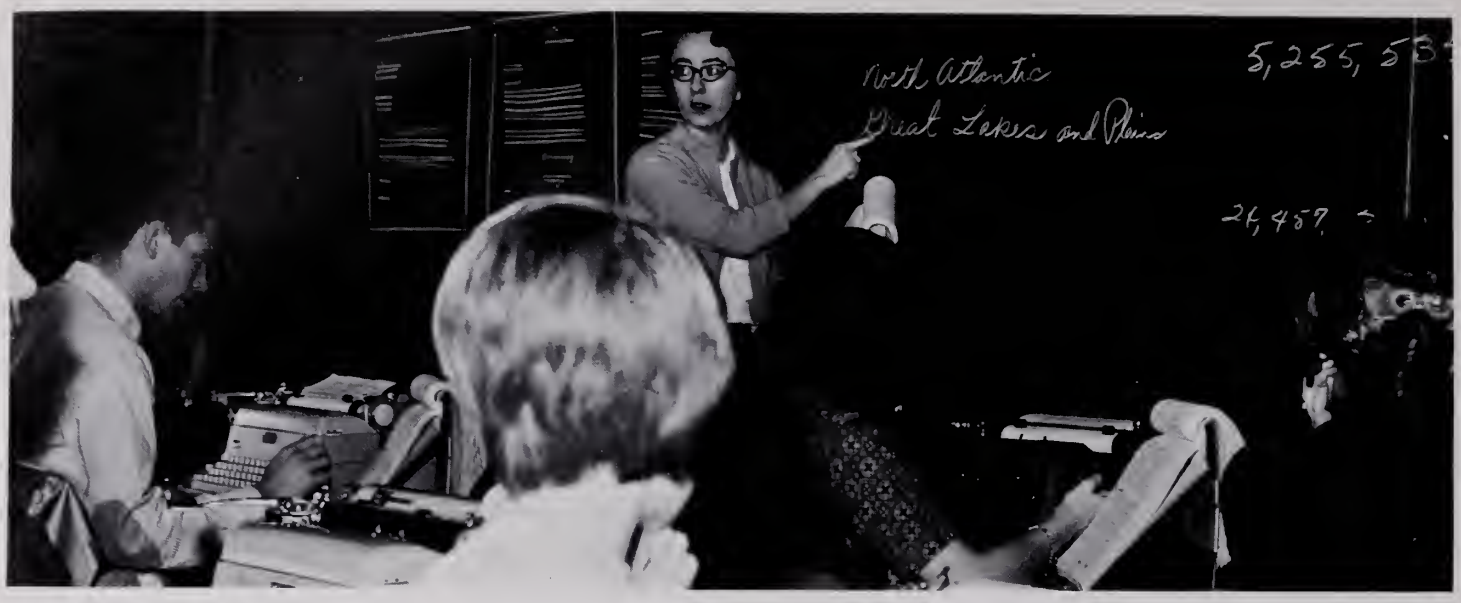

A student planning to enter a specialized field, such as dental assistance or laboratory technology, finds his job through the Industrial Cooperative Program. In ICT class, he does research in the field in which he is employed.

"I'm on my way to work," thinks Richard Strickland, an ICT student.

Jeanette Parrish examines a raincoat in DE class, as she, Lynda Burton, Bonnie Hartwick, and Phyllis Hargrave act out a selling situation.

"Center the title horizontally," adds Mrs. Sills as she gives directions to her typing students.

Mr. Willey dictates a letter to his first year shorthand students.

Business Courses Stress Technique

Two years each of typing, bookkeeping, and shorthand are available at NNHS. These may be taken separately or combined.

First year typing students learn the operation of the typewriter and gain skills useful in personal typing. Second year typing students develop their speed to its fullest potential.

The first semester of shorthand concentrates on learning to write phonetics and everyday language. Second semester consists of dictation, as do the third and fourth, with each student reaching his maximum speed.

In bookkeeping class, students learn how to keep accurate records of the credits and debits of large and small businesses.

Mrs. Gibbons helps her bookkeeping pupils balance their post-closing trial balance.

As Mr. Wilson raises his hands, his B period woodwind class tunes-up with a B-flat scale.

A section of the Breeze Band practices for their Winter Concert.

Mike Barber, Senior Band librarian, sorts music in the band office as one of his main duties.

Hilda Wright smiles as she files a folder of Senior Chorus music.

Drills Perfect Music

Practice for perfection is the main objective of band classes. Band students drill on scales and polish compositions to be used in future performances. Band instruction enables the student to develop an appreciation of music and helps him recognize musical instruments by their sounds.

Chorus students also practice in class for concerts and assembly presentations. These students learn breath control for proper voice projection. Records are used in class so students will give correct emphasis to expression and rhythm of musical pieces.

B Period chorus class warms up on scales, accompanied by Becky Cash and directed by Mrs. Carter.

Alice Goldsmith and Steve Burns aim to neutralize substances through a titration experiment in their chemistry class.

Science Is An Analysis

The science department stresses the importance of cycles in our lives—from the evolution of the wheel to that of the bird. The general science courses which are usually taught in the eighth and ninth grades include the study of magnets, electricity, the sense organs and light. Biology is a course designed to introduce both the plant and animal kingdoms. Each subject is fully classified and studied. The higher sciences taught at Newport News include chemistry, physics, and advanced science. Films, microscope observations, and special projects enhance the study of sciences.

Microscopes are prepared for a biology study of the earthworm.

History Provides A Heritage

The main objective of the history department is to give each pupil an understanding of his heritage. In the eighth grade, the history of the United States is introduced. A student may then take either world history, world geography, or both. In grade eleven, a more detailed study of United States history is taken up, and in grade twelve, a course in government is required. A study of the history of the western hemisphere is offered to advanced students.

In addition to the textbooks, supplementary materials, such as films, maps, and extra books are used in each of these classes. They aid in giving an appreciation of human beings of former times and their effect on the lives of present generations.

Government students write vigorously as they conclude their test papers.

Mr. Palmer smiles as he assists his history students in their daily assignment.

ATHLETICS

All forms of life, in competition for survival, grow stronger as they endure. In this way our athletes, as they face each opponent, must prove themselves physically as well as emotionally fit. Whether in football, basketball, track, or baseball, rivalry is keen but, win or lose, the real joy is that of having done a good job.

On the offensive squad pictured are (L.-R.—1st row) Don Tyndall, Don London, Larry Harding, Al Nesbitt, Joe Wingo, Ken Henderson, (2nd row) Bill Schroding, Wayne Frizzelle, Dale Mueller, Craig Eubank, Mike Barnes.

On the following Friday night the Churchland Truckers came to Saunders Stadium and defeated the TYPHOONS, 6-0. The TYPHOONS were at home again on the next Friday night and played the Wilson High Presidents, but they defeated the Blue and Gold, 20-7. Next week the Ferguson High Mariners invaded Typhoonland; inspired by Coach Nuttycombe the TYPHOON 11 whipped them, 27-0. The TYPHOONS had a week off before facing their Thanksgiving rival, Hampton, at Darling Memorial Stadium. With the Peninsula crown at stake, Hampton managed to squeeze out a 15-13 victory and gain the title. The TYPHOONS ended up with a 6-3-1 record.

Typhoons Win State Crown

The NNHS TYPHOONS swept through 3 straight games in Richmond to gain their 10th Group 1-A State Basketball title. The TYPHOONS, paced by Chris Ellis, Jim Rama, Ken Henderson, Billy Taylor, and Rocky Gary, breezed through 18 games in the regular season, 3 in the Eastern District Tourney, and 3 in the State Tourney to compile a fabulous 24-0 record. This is the 2nd undefeated season in TYPHOON basketball history, the only other being by the 1957-1958 State Champs who were 25-0. This year's State Champs set another record in Newport News basketball history by scoring 1847 points to surpass the 1747 points scored in 1957-1958.

In the first game of the year, the TYPHOONS scored an impressive victory over the Ferguson High Mariners, 97-58. The Gold and Blue won two straight games and then met their arch rival, Hampton, for the first of four games. An overflow crowd saw the TYPHOONS slip by the Crabbers, 53-44. On the following night the Mitchellmen played host to the Warwick Farmers in the new and spacious Julie Conn Gymnasium; the TYPHOONS won by an 82-46 margin. After a victory over the York High Falcons, the TYPHOONS' followers saw their team successfully cross the 100 point mark, with an overwhelming victory over the Deep Creek Hornets, 126-35. In this game the TYPHOONS set a new school record for the most points scored in a single game. Once again a capacity crowd packed into the Conn Gymnasium to see the meeting of the only two undefeated teams in the Eastern District, Wilson and Newport News. Led by a 28 point performance by Chris Ellis, the TYPHOONS flashed by Wilson, 69-45. The Mitchellmen then finished out the season with 4 more victories. By virtue of this amazing 18-0 record, the Newport team won a berth in the State Tournament held in Richmond.

In the quarter final games of the Eastern District Tournament, the TYPHOONS rolled to an impressive 80-41 victory over the Princess Anne Cavaliers. Newport News by-passed the Norview Pilots, 74-43, in the semi-finals and went on to win the final game over Hampton, 58-46. As a result of their outstanding play in the Tournament, Chris Ellis, Jim Rama and Ken Henderson were selected to the All Tournament Team. Chris Ellis also received, for the second time, the Most Valuable Player award.

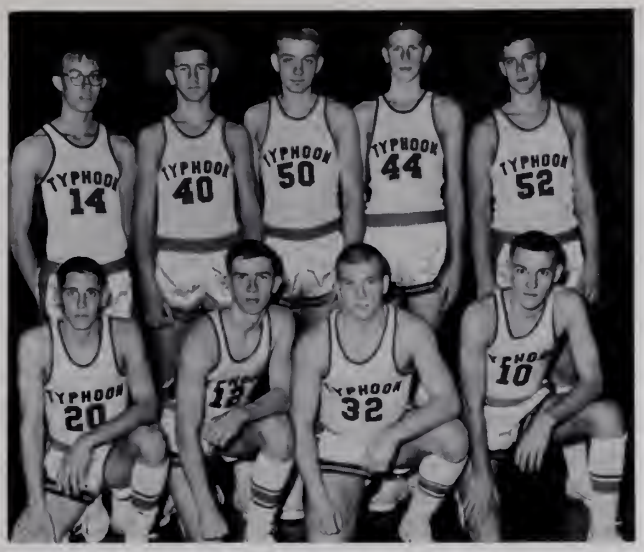

In Richmond, the TYPHOONS showed their power by racing past the Wakefield Warriors, 66-36, in the State Tourney quarter finals. In the semi-finals, with four seconds to go, Jim Rama cashed in on a two pointer to give Newport News a 45-43 victory over the Cardinals of George Washington of Danville. In the finals, the Newport team put on a terrific display of basketball skill to beat the Hampton High Crabbers, 66-54.

Mr. Julius Conn proudly displays the plaque which symbolizes his 27 years of distinguished work at NNHS.

On February 21, 1964, the Newport News High School Gymnasium was dedicated to athletic director, Julius Conn.

In honor of this occasion, a plaque was presented to Mr. Conn which read:

"This gymnasium dedicated to Julie Conn in appreciation of his loyal service in the training of boys.

He was a member of the graduating class of Newport News High School in 1922 and the University of Virginia Class of 1926. He became a member of the faculty of the Newport News High School in September, 1926. His consuming love for and devotion to the school were evident from the beginning. In the school year 1963-1964, thirty-seven years later, there is no more loyal or devoted member of the staff.

His success as a basketball coach is unparalleled. Over a period of twenty-seven years his teams were invariably winners or contenders. He has been equally successful as a track coach in which activity he is still engaged.

Julie Conn—the man and his record—will forever be associated with this building."

Long-Awaited Gym is Dedicated To Julius Conn

Guests at the dedication were Mrs. Conn, Harry Conn, Mr. H. V. Hooper, Mr. Lamar Stanley, Mayor Don Hyatt, Mr. Conn, and Mrs. M. Conn.

G. A. A. Executive Board

The Girls Athletic Association of Newport News High School participates actively in the various girls sports. Each girl taking physical education in NNHS is a member of the G.A.A. In the spring of the year each member votes to select the officers to head this organization for the coming year. The officers for the 1963-1964 year are Judy Lucas, president; Connie Todd, vice-president; and Mina Erlach, secretary. The nominees for these positions are selected by the Executive Board. As a member of the board one is able to take a more active part in the various G.A.A. activities. It is possible to coach teams, be a scorekeeper or timer, or a recorder of points achieved by the participants. If a girl compiles enough points, she is eligible to receive a G.A.A. letter. It is possible to gain points by membership on various teams or by membership in the Apparatus or Tumbling Clubs.

The 1963-1964 G.A.A. officers are Connie Todd, Vice President; Judy Lucas, President; and Mina Erlach, Secretary.

The Girls Phys. Ed. instructors are Mrs. Masters, head of the department, and from left to right: Mrs. Burnam, Mrs. Anthony, and Miss Dinkins.

Girls Participate Actively in Sports

Field hockey is the first sport of the year. There are three teams from the tenth, eleventh, and twelfth grades. These teams, after practicing for many weeks at Huntington Park, play teams from neighboring high schools. From these teams an All-Star team is chosen to represent Newport News High School at the tournament in Norfolk.

Basketball is next for the season. The teams are composed of grades which represent Newport News High School in games with other schools. From these teams an All-Star team is selected by the coaches of the various teams.

Volleyball is another sport in which the G.A.A. participates. As with basketball, teams are formed from the different classes, then an All-Star team is selected.

Apparatus and Tumbling Clubs are also an active part of the G.A.A. These clubs help cultivate the interests of the girls of N.N.H.S.

While the daily roll is being checked, the girls await their daily activities which may consist of volleyball, basketball, tumbling, or modern dancing.

The senior hockey team is composed of (L. to R.—first row) Brenda Bass, Gail Latta, Judy Lucas, Angie Ray, and Donna Pipkin. (2nd row) Carolyn Price, Mary Rickey, Ann Bryant, Annette Rouse, Gail Watkins, Sue Miller, and Brenda P. Todd. Missing from the picture are Becky Goolsby and Melba Deas.

Senior Girls Hockey Team

This year the senior girls hockey team played various schools in the area and participated in a state tournament. They finished the season with a 5-0 record and won both of their games in the state tournament. Donna Pipkin and Becky Goolsby were placed on the state first team, and Angela Ray and Judy Lucas made the second team.

Senior Basketball Team

The girls basketball team, consisting of juniors and seniors, practiced each Thursday, working to maintain skill in playing basketball.

The girls competed with other teams in the school, as well as with other schools including St. Vincent, Poquoson, Warwick, and Ferguson. The juniors were coached by Miss Norma Dinkins while the seniors were coached by Mrs. Carol Anthony.

The G.A.A. basketball team consists of (L. to R.—1st row) Ann Bryant, Frances Hollifield, Judy Lucas, Bonnie Stanfield, Colleen Bounds, and Carolyn Price. (2nd row) Ann Smith, Janet Smith, Sadie Patterson, Melba Deas, and Mary Rickey.

Shown practicing one of their routines for the state meet are, (L. to R) Annette Rouse, Becky Goolsby, Judy Lucas, Gail Watkins, and Jane Coltrain.

Gymnastics

The NNHS gymnastic club, composed of 10 senior girls, practiced every day preparing for the state gymnastics tournament, which was held April 11 at Longwood College, Farmville, Virginia. By developing skills on parallel bars and balance beam, the girls not only build muscles, but gain poise and coordination.

UNDERCLASSMEN

The smallest shrubs and the most delicate wildflowers advance the well-being and success of the larger plants. The underclassmen, who compose the larger portion of the student body, promote enthusiasm and develop leadership in school affairs below the twelfth grade level.

Eighth grade officers look on as their sponsor points out some features of the new gym.

(L. to R.) Mr. Conn, sponsor; Susan Price, Honor Council; Anne Rowe, Secretary; Janet Hirshman, President; John Hollifield, Executive Board.

EIGHTH GRADE OFFICERS OBSERVE

As the physical plant of NNHS is enlarged with the construction of a new gymnasium, the student body grows in number with the arrival of new mice.

Members of the committee are, from left to right, Jim Brinkley, Jerry Allen, David Keithley, Patsy Blackard, Donald Harvey, Barbara Smith, and Kay Johnson.

Junior Committees

The Junior Dance Committee, under the direction of Howard Conn and Nancy Horne, plans and sponsors at least one junior dance a year. They are in charge of supervising decorations, refreshments, tickets, and music. Wonderland by Night, held after the Granby basketball game, was a successful junior dance. Miss Betty Burton, a junior, was crowned Basketball Queen at the dance. Committee members are, from left to right, George Anas, Andy Schaeffer, Nancy Horne, Howard Conn, Linwood Wright, Nancy Lewis, and Lynne Dannelly.

Under the direction of Frances Hollifield, the Junior Typing Committee types lists of junior committee members, and any additional data required by the class. In the foreground is Frances Hollifield. In the second row are from left to right, Brenda Vanness and Cheryl Tucker. In the third row are from left to right, Nancy Umphlet and Georgia Gravely.

The Junior Ring Committee begins work on the ordering of rings for their senior year. Sending out cards for fittings in the summer to rising seniors, and collecting money in the fall for the rings, are among their duties. Committee members are, from left to right, Mickie Settles, Betty Bass, Richard Gordon, Betsy Smith (head), Charles Embler, and Janice McCain.

The Junior Usher Staff ushers at Senior Assembly and commencement exercises. Billy Schroding heads this committee. Members of the group are, from left to right, Sidney Becker, Larry Moran, Wayne Vick, Billy Turner, Larry Harding, Billy Schroding, and Van Rowell.

SENIORS

A hybrid is a cross between two different plants; the perfect plant is being sought. The seniors, in a similar way, come together, exchange thoughts and ideas, and emerge better people, ready to take their first steps as adults in an adult world. This process never ends, for people constantly change to better themselves and their world.

Your high school careers are near an end-"an end filled with memories;" your future years await you-"a future filled with anticipation." Let your memories be your experiences in fulfilling worthwhile future lives.

This past year as your senior class sponsor has been a most pleasant opportunity. You have worked together as a team, cooperating and showing enthusiasm in all your undertakings. Continue at this pace which you have set for yourselves, and you will find that your adult years will be rewarding.

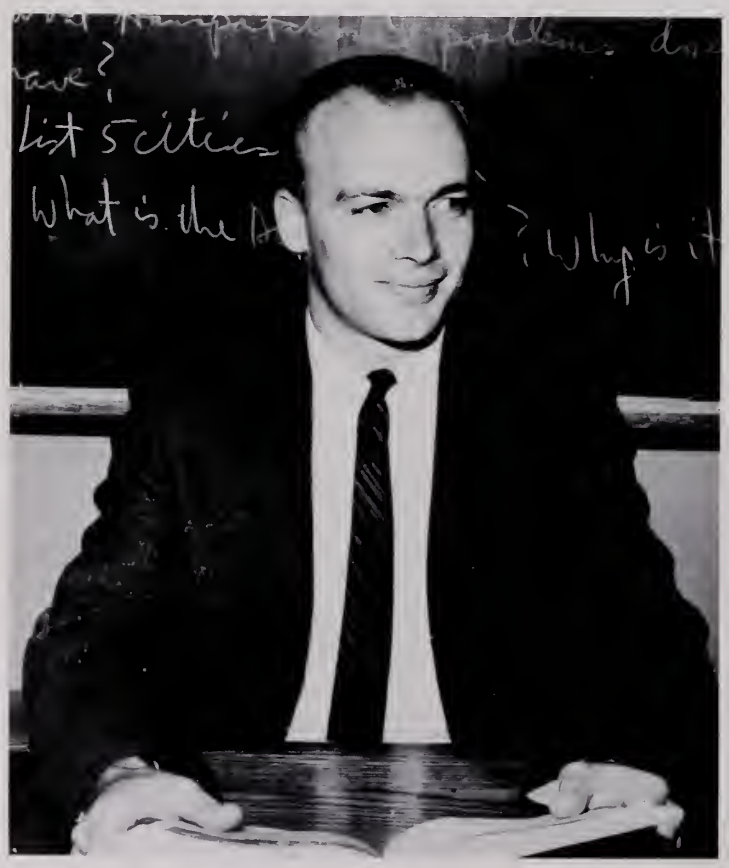

No matter what your futures might bring, evaluate yourselves from time to time in striving to achieve your best. I hope that you will find success and happiness on your future way.

My congratulations and best wishes go with you.

Ettalea E Kantz

Senior Class Sponsors

You have found, over the past five years, that through unity anything can be accomplished. I trust you will carry this with you as you leave your classmates and the halls of Newport News High, to take your place in an ever-changing world with the rest of mankind.

Cherish your memories of these five years, for it is through past experience that we are able to gain an insight into the future and a better knowledge of ourselves and the world around us. Part of man's basic nature is the desire to better himself; never quench this desire, always strive to accomplish the highest of goals, and your future will certainly be bright and promising.

Congratulations and the best of wishes to you in whatever you resolve to do, and thank you for the honor and privilege of being associated with you as your senior class sponsor, an association that will remain bright in memory if not in fact.

S Reed

Leading the senior class are (l. to r.) Vivian Starnes, secretary; Dennis Holbrook, vice-president; John Todd, president; Cissy Wilkinson, treasurer. These officers contribute much of their time and effort toward making the year successful.

Senior Class Officers

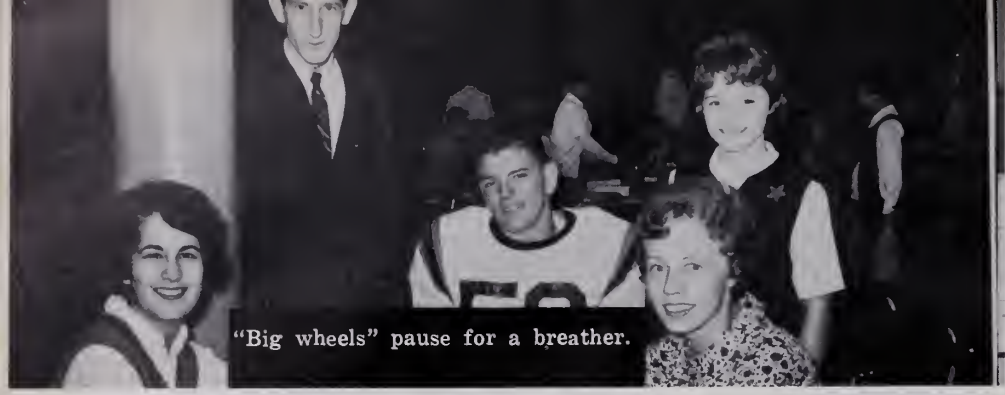

"Five . . . ten . . . fifteen", says Cissy Wilkinson as she counts the senior class dues.

"Blue and white are the class colors," reports John Todd during a class meeting.

Honor Council representatives are Becky Goolsby, Billy Taylor, and Dale Mueller.

"Big wheels" pause for a breather.

Little boys like little girls but I like . . .

Is this all there is to it?

John, Angie and Charlie warm up for "Hootenanny."

Looks like the bulletin says "the rings are here".

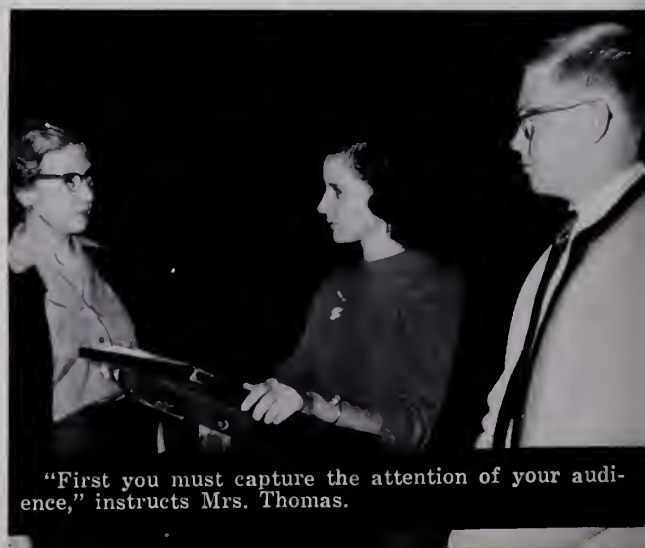

Do you think we'll ever get them graduated?

"Good-bye and good luck," says John Todd to Joe Wingo.

Mrs. Shelton explains Macbeth to college prep seniors.

"First you must capture the attention of your audience," instructs Mrs. Thomas.

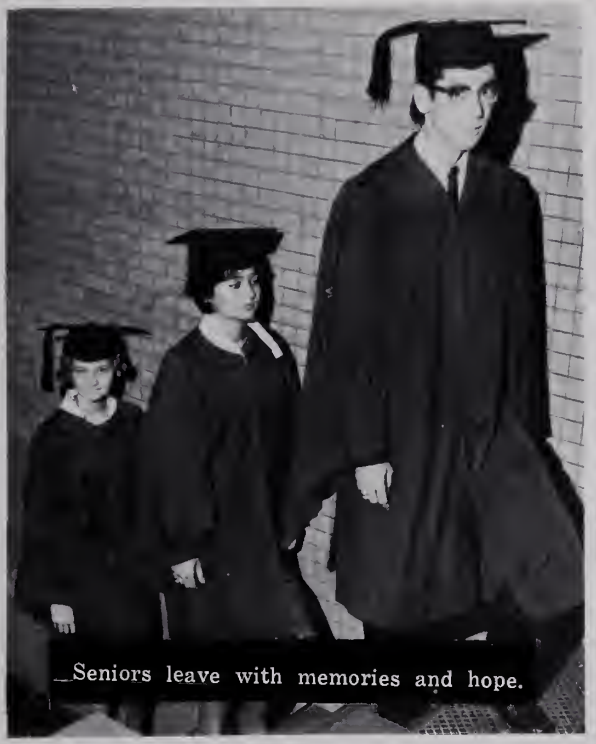

"Is this a dagger which I see before me?"

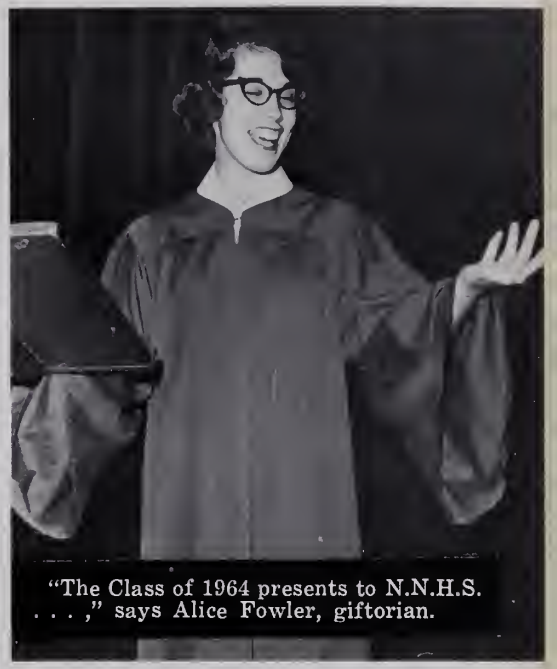

Queen Judy White and her court watch the homecoming game after her coronation.

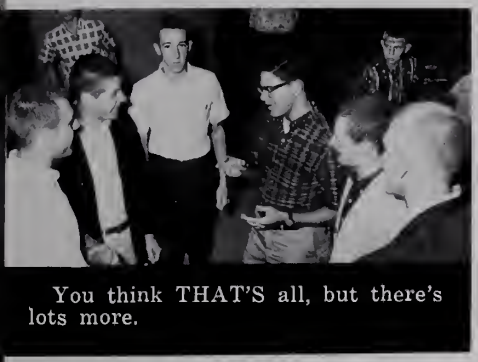

Seniors display their rings.

Seniors leave with memories and hope.

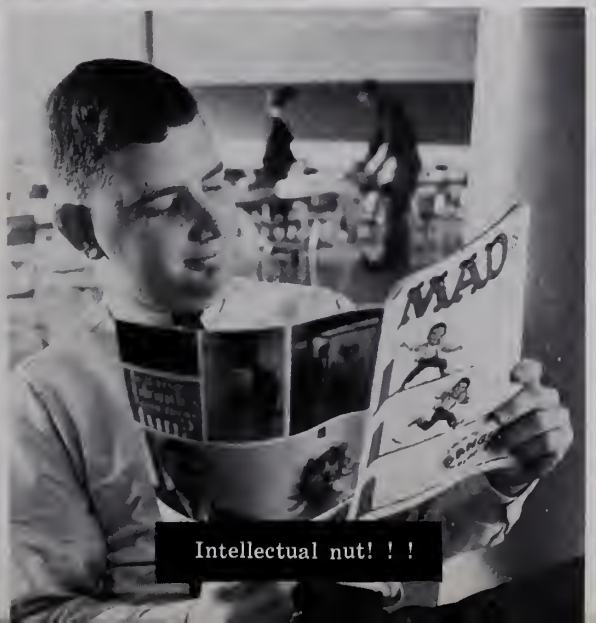

"The Class of 1964 presents to N.N.H.S. . . . ," says Alice Fowler, giftorian.

You think THAT'S all, but there's lots more.

Only 180 days 'til graduation!

Intellectual nut! ! !

"Friend or foe?" asks David Smith of Brenda Todd.

In Memoriam

Thomas Poteet

Thou go not, like the quarry-slave at night,
Scourged to his dungeon, but, sustained
and soothed
By an unfaltering trust, approach thy grave
Like one who wraps the drapery of his couch
About him, and lies down to pleasant
dreams.

"Thanatopsis"
—William Cullen Bryant

Judy Mawyer, head of the Typing Committee instructs Betty Cooper and Lorna Nicosia, as they type items for the Senior Class.

Bill Ward, Color Committee head, and Gail Watkins, Flower Committee head, confer with each other about the class flower and colors.

Senior Committees

Through its various committees, the Senior Class carries out its functions for the year. Graduation colors, navy blue and white, were chosen by the Color Committee. In association with the Color Committee, the Flower Committee selected the class flower, the white carnation. These will serve as decorations for the Senior Prom and for graduation.

The Bulletin Board Committee is responsible for keeping the bulletin board attractive and up to date. The class officers, pennant, and Hall of Fame were subjects of interest on the Bulletin Board. The Pennant Committee designed several pennants upon which the class voted. The Motto Committee is responsible for writing an appropriate class motto. Typing up material for the Senior Class is the duty of the Typing Committee.

(L. to R.) Tommy Flax and Bill Ward, co-heads of the Pennant Committee, display the class pennant as Kathy Avant, co-head of the Bulletin Board Committee, assists them. David Block, Motto Committee head puts the beginning lines of the class motto on the Bulletin Board.

Co-heads of the Senior Ring Committee, Ronni Green and Phylis Hargrave, give a long awaited ring to David Workman.

Members of the Senior Invitations Committee, Gail Latta, Sue Miller, chairman, and Pam Forman choose the announcements for graduation.

The Invitations Committee under the direction of Sue Miller, selected the class invitations, took orders for them, and was responsible for sending and receiving the orders. Taking orders, receiving and distributing class rings was the responsibility of the Ring Committee. The calling cards which students exchange at the end of the year were ordered in homerooms through representatives. Several sizes of cards and types of scripts were available. The class song and class musician were chosen by the sponsors and by the Music Committee headed by Linda Lane.

Richard Strickland gives Judy Steele money for calling cards as Brenda Todd and David Smith choose theirs.

The class song is played by the head of the Music Committee, Linda Lane, who was in charge of selecting the song.

Dance Committee

The Senior Dance Committee instituted several firsts this year. The seniors carried their enthusiasm for folk music to one of their class affairs—a hootenanny which featured talent from peninsula high schools and the College of William and Mary. Proceeds from this event aided the senior class in financing the senior prom.

The climax of the senior year was the prom set in gay Paree. Differing from the customary Junior-Senior Prom at NNHS, this year's event was limited to members of the class of 1964 and their dates.

A smiling Thommie Rowell accepts flowers from her favorite escort, Charlie Snead, as they prepare to leave for the prom.

Gail Watkins and Porter Blakemore relax from their duties as co-heads of the Senior Dance Committee to demonstrate "the Bird?"

Ralph Farmer, Raymond Staton, and Barbara Weinstock put finishing touches on the decorations for the **King of Hearts Dance.**

Barbara Halfin, Norman Olshansky and Bonnie Binford, Senior Assembly tri-heads, go over what appears to be a funny scene.

Dance time arrives as Judy White and Janet Wright rehearse for Senior Assembly day.

Senior Assembly

Headaches, pleasures, challenges and finally success, face members of the Writing Committee as they compose the script for Senior Assembly. (L. to R.) Sandye Cohen, David Rosenwasser and Alice Fowler diligently work at the task awaiting them.

The audience at the Class of 1964's final production, Senior Assembly, was entertained with a witty satire on politics. The setting was a jungle in the fictitious country of Belgium Mungo; the conflict, a struggle for power between the U. S. and U.S.S.R. The sub-plot, a love affair between the chief's ugly daughter and a mysterious duke, provides a comic interjection, produces the climax, and ridicules both large powers. Each power seeks to win the favor of Mungo through the use of its talents and gifts.

Months of writing, revising, and rehearsing went into the perfection of this class effort. Tri-heads, Norman Olshansky, Bonnie Binford, and Barbara Halfin, appointed sub-heads to supervise sets, make-up, and costumes.

Class Musician

In competition with other seniors, Becky Cash was the unanimous choice for Class Musician.

The class song was composed by Charlie Snead who submitted it to the committee.

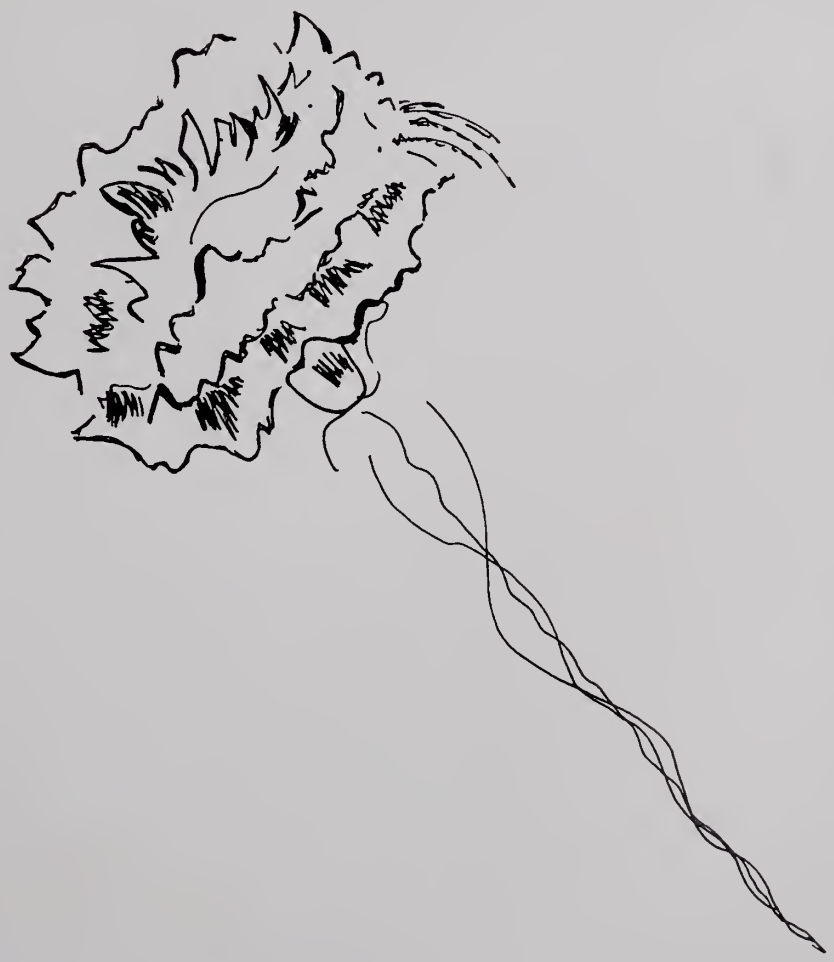

Class Song — 1964

It's time to leave you, Newport High,
Time that we must part,
It's time to leave your sacred halls,
But they'll dwell within our hearts.
We know with every ending a beginning there
will be,
And we owe to you, dear Newport High,
Our support and our loyalty.

The past is filled with memories,
Future not too clear.
Anticipation reigns supreme as we close
our senior year.
We leave you, Newport, for all life, in
every walk and way,
And we'll always hold your honor high,
Throughout each coming day.

The past is
filled with memories;
the future with anticipation.

Serving the Peninsula 73 Years

More than fifty years have passed since the inevitable step was taken which transferred a sprawling tidewater village into the dignified status of a city of the first class in the Commonwealth of Virginia.

Its past has been illustrious. But our justified pride in past accomplishments must not dim our eyes to the fact there is much left to do in the future.

SALLY FISH DAWKINS MOSER

October 14, 1921 - February 27, 1964

"Each student that Mrs. Moser taught will remember and appreciate her boundless enthusiasm and her unselfish devotion to her work and to her students."

—Thomasine Rowell

The staff heads take time from their busy schedule to pose for their picture. **(L. to r.)** Joel Shapiro, Business Manager; Donald Houston, Underclassmen Section; Gail Latta, Senior Section; Ronni Green, Editor; Tommy Flax, Sports Section; Alice Goldsmith, Activities Section; Karen Wilks, Copy Editor; Sandye Cohen, School Life Section; Marty Credle, Faculty Section. Becky Goolsby, Classroom Section, is missing from the picture.

1963 - 1964 Anchor Staff

The 1963-1964 yearbook staff smile as their picture is snapped. **(L. to r.—1st row)** Judy Bell, Judy Edwards. Becky Cash, Sandra Williams, Bonnie Binford and Alice Fowler. **(2nd row)** Judy Anker, Lynne Dannelly, Jean Poole, Anne Davidson, and Ginny Barrett.

Making plans for the yearbook are **(l. to r.)** Joel Shapiro, Business Manager, Ronni Green, Editor, and Karen Wilks, Copy Editor.

Cooperation and teamwork are the keys to producing a successful yearbook. By employing these keys and adding to them hard work, patience, and effort, a successful yearbook results. The 1963-1964 **Anchor** staff has used these tools to present to you, the students, a yearbook which we hope you will enjoy and look back upon with fond memories. It is not only an account of the year's events, but also a memory book—one which you will keep for many years to come.

Thanks can only, in a small way, repay those who have helped to make the publication of this yearbook possible. Thanks to Mrs. Sandra Coleman and Miss Jo Ellen Kessler, our advisors, for their patience, guidance, and assistance; to our ingenious photographers Mr. Edward Streeky and Nachman's Studio; to Delmar Publishing Company and their representative, Mr. Jim Saine; and most of all thanks to the wonderful staff.
